GRIFFIN'S MILL.

After a long delay I have decided to try to give a few items from this (The Western) part of the county.—All classes of men were never busier than now. The farmer the foundation of the whole machine is gathering in his bountiful crops that the Creator has so wonderfully blessed us with, the echo of the carpenter's hammer can be heard from the foot hills of the Cumberland Mountains which causes us to know that we are living a midst prosperity, the shrill voices of the drover can be heard at every cross-roads which should be and (and is) a welcome voice to the merchant for he well knows that we will soon present to him our money that the drover left us. The physician can be seen daily going to and from trying to aid nature in her great work to those who have fallen victims to the various diseases subject to humanity; The coarser whistle from H. H. Beatty's roller mill can be heard from the Pulaski side where busy wheels go around day and night to furnish flour to its hundreds, yes; its thousands of customers, John Riddle too will at an early date go to operating a similar machine at the same place. The district teacher too can be seen five days out of the week plodding his weary way and at the setting of each Friday's sun he only says another week gone. Last but not least comes the divine teacher with his golden sword (the word of God) teaching us how to live that we may not dread that awful enemy which is death. Stop; and think Bro., do you heed this teaching?
Eld's A. J. Pike and J. M. Cummins has just closed a very successful protracted meeting at Poplar Grove. There were twelve additional eleven of which were conversions mostly young men and women. May they be fed on the sincere milk of the word that their daily walks will show to the world that there is a reality in their profession. Let no man say when he

is tempted, I am tempted of God; for God cannot be tempted with evil, neither tempteth he any man. (James 1-13)—The writer was much gratified to be present with the Brethern at Friendship on last Lords day and find the Bible class progressing so nicely with Dr. T. J. Price as their teacher. They seem to be doing all that a God fearing and God loving people can do.—There is Sunday school at Poplar Grove each Sunday 2 o'clock p. m. everybody come and help carry on the good work.—W. H. Brown of this place will move to Mt. Vernon this week. We regret very much to give up Mr. Brown and his family but our loss will be Mt. Vernon's gain.—H. N. Denney and J. B. Cummins went to Mt. Vernon last Saturday on business.—Uncle John Hurst is still able to walk about with the assistance of a cane in each hand.—Aunt Cynthia Hawley is very low not expected to live long.
The bird hunters are receiving but little encouragement this season. He (the bird hunter) would be a welcome guest in our homes but we certainly want to protect the birds, the farmers friend.
You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like KODOL for Dyspepsia. KODOL is the best remedy known to-day for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by Chas. C. Davis.
The price of wheat steadily declined during the last week, nearly all causes contributing to the falling off. An important factor was the renewal of optimistic reports concerning Argentine, the crop there being unusually large.

ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

TWO KINDS OF CITIZENS.

Patriotism manifests in many and various ways. Some people are willing to die for their country and few are willing to live for their country—which is much harder. Some are eager to show their patriotism by holding a job at a fat salary and willing to vote the party ticket straight—just because it is the party ticket. Patriotism, says Walter Williams, is often another name for pride.

The small ways in which patriotism may be shown seldom attract attention. A soldier attracts the enemy of his country and we call the soldier a patriot. But it is patriotic also to cut down the weeds on your back lot. The soldier gives his life in a day, but the scientist who gives his life in a generation is also patriotic.

Two kinds of citizens are in every town, patriots and traitors. There is no middle ground of neutrality. Every man is in one or the other camp. The patriot does his full duty to the community, votes, expresses his opinion, takes part in meetings for civic good, bears cheerfully his portion of the community's work. The traitor lets the other fellow do the work and reaps benefit by the other fellow's patriotism. "Treason consists of levying war against the republic—so says the foundation law—or giving aid and comfort to the public enemies who does not assist in making better the community in which he dwells. He is himself a public enemy.

Lyman Abbott thinks that he sees the dawn of the fraternal age. So they thought in France long ago when they madly followed the slogan of "Liberty, Equality, Fraternity." So they thought in the dark Ages when the great brotherhood of the church grew so strongly despite the general darkness and desolation. So they thought in the time of Plato; but it's a long way to the real dawn, and battleship and magazine rifles continue to find purchasers; murders and mob massacres proceed in Russia in a manner anything but fraternal, and here in the United States our brethren of the meat packing business were lately detected serving the human family with bad meat in most unkindly fashion.

The total vote in the Governor race is as follows: Wilson 214,481; Hager, 196,428. Wilson's majority, 18,053. The total vote for all candidates for Governor this year was 419,741, a falling off of 19,526 in the total vote, compared with that of four years ago. The majorities shown by the tabulation of the State Board of Election Commissioners in session at Frankfort are as follows: Cox, Lieutenant Governor, 15,026; Breathitt, Attorney General, 12,209; James, Auditor, 13,081; Farley, Treasurer, 13,271; Bruner, Secretary of State, 13,432; Tarlton, Railroad Commission, 727.

Many suggestions for congress in dealing with the financial situation are being made to the President by leading bankers. The four plans appear to be most generally favored are a central bank of issue, a central organization of national banks, issue of currency on bonds other than Government bonds, and issues of currency on general assets protected by a guaranty fund.

BRODHEAD.

Rev. J. W. Masters is holding a few days meeting at the Christian church. Turkey lived hard here yesterday as nearly every family in town celebrated the day of Thanksgiving in the usual manner. Madame Rumor says look out there is a wedding in store for us. Rev. A. J. Pike has returned from Poplar Grove in Pulaski Co., where he conducted a very good meeting by adding twelve to the church. Among those who attended the Pohutukawa Club's dance at Mt. Vernon from here were Mr. and Mrs. J. W. Hutcheson, Mr. and Mrs. H. H. Hutcheson, Messrs. O. O. Stone, M. C. Albright, N. Giles Carter, and E. R. Gentry all report a fine time. G. L. Waterberry who has been here for the past two months as Asst. Cashier of the bank has resigned to accept a similar position with the Pine Knot Banking Co. at Pine Knot Ky. and will leave Monday morning.

The furnace and chairs have arrived for the new Baptist church, and will soon be installed. Jack Wells of Crab Orchard spent from Friday until Monday with his grandparents Mr. and Mrs. F. Francisco here. Chas. Hurt worked at Crab Orchard first of week. Geo. B. Lynn of Crab Orchard was here to see Dr. O. O. Stone and have some dental work done. Mrs. R. H. Batson of Lancaster is spending a few days here with her parents Mr. and Mrs. J. H. Hilton. Jopp Albright sprained his ankle very badly while out hunting last Saturday. N. Giles Carter was in Lexington first of week on business. Miss Elizabeth Cable royally entertained a large number of her friends last Friday evening from 8 to 11. All present highly enjoyed themselves. R. S. Martin is in Junction City on business this week.

SIX TELEPHONE RULES.

One of the assets of the man who does business today is his telephone voice, provided he knows how to make a good impression when he talks over the wire. All sorts of affairs are now conducted by telephone, but the importance of telephoning in the proper way is often overlooked by business men who would on no consideration permit a poorly typewritten letter to leave their offices.

Take the trouble to fix firmly in your mind half a dozen simple rules, put them in practice and see if your telephone conversations are not made of increased value to your business. Here are the rules:

1. When you are talking by telephone to a person in your home to speak in an ordinary tone of voice. Do not whisper into the transmitter, but, on the other hand, do not shout at the instrument as if you had a grudge against the telephone system and every-

body who uses it.

2. When you are using a long distance line elevate your voice and speak a little louder than you would speak to a man sitting in the room with you. This does not mean, however, that you should try to make noises as loud and discordant as those produced by the callopie in the circus parade.

3. Besides speaking distinctly, avoid talking too fast. There are orators who reel off words at the rate of 300 a minute and still make themselves understood, but they couldn't do it by telephone.

4. When you telephone devote yourself to telephoning. When you are writing a letter you do not at the same time, look out the window to see who is going by on the other side of the street. If you turn your back on the telephone and send your words flying hither and yon all over the room and into the great world outside, it is not fair to blame the apparatus and the man at the other end of the line if he does not hear all that you say.

5. Remembering Rule 4, speak directly at the transmitter. Don't get so near it that you seem to be trying to crawl into it. Neither should you keep it at arm's length. It won't hurt you. Sit or stand so that your lips are about an inch from the transmitter and your words will go flying on their journey without trouble.

6. If you are using a desk telephone, don't hold it upside down, or at all sorts of odd angles. The desk telephone was made to do its work when standing on its own base or held in a perpendicular position. You would not expect a thermometer to be accurate if you hung it wrong side up. Why not use the telephone as it was intended to be used?

FEW HERE KNOW THIS.

When an eminent authority announces in the Scranton (Pa.) Times that he has found a new way to treat that dread American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one half ounce; Compound Sarsaparilla, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which is not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and give almost immediate relief in all forms of bladder and urinary troubles and backache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

Augustus E. Willson, elected Governor of Kentucky, has been receiving much attention from high Republicans in Washington. He lunched with President Roosevelt and was entertained by Vice President Fairbanks. His declination of the position of disburser of Kentucky pie is a surprise to Washington public men.

Leaders in New York politics believe now that it will be Roosevelt against the field, and they profess to think that the President will accept a third term, having started their press bureau to combat such a movement. It is said that the President will be forced to speak out once more on the question of a third term.

Mrs. Betty Barnett widow of the late Billy Barnett died at her home near Pine Hill Saturday at a ripe old age.

Our line of Xmas goods are articles of value, such as Stag toilet sets, Manacure sets and Medallions ranging in price from \$15 down. Chas. C. Davis.

Sparks & Davis have begun grading for the fill and cleaning the dirt for putting in their big crusher near No. 1 tunnel. This is the kind of enterprises which means something for the town.

The L. & N. will sell tickets to Frankfort, Ky. December 9th and 10th, limited to December 12th, for one fare plus 25 cents, \$3.13 on account of the inauguration of Gov. Wilson Dec. 12th 1907.

The sad news of the death of Mr. A. B. Brannaman, of near Wildie, which occurred early last week, reach us after it was too late for our last issue. Mr. Brannaman was one of the truly good citizens of the county, and in his death the county suffers a loss, which will be hard to replace.

Just so long as a small town is composed of citizens, who as a majority, go upon the theory that because the town is small, that all business and enterprises started must be on a small scale, just that long will the town continue small and the business of those individuals still smaller.

Improved conditions prevail in the financial districts, and the hysteria is given away to a realization of the fact that business must be adjusted to new conditions. The money stringency is the chief cause of the trouble now, and the situation must be left to work itself out of the hole, artificial means being of little avail.

Mrs. Anna Miller has her new post office cabinet up in the Sparks building and it is certainly a beauty. Everything is so nicely and conveniently arranged that everybody, "those who have no mail now, never did and by G-fry never will," be calling for regularly when every mail is opened. Now is the time to select your lock box, if you want to get one of the best.

HILTON-NEVINS:—A pretty home wedding was solemnized at the home of the brides parents Mr. and Mrs. Harry Hilton of Brodhead, yesterday. The contracting parties were Miss Lida Hilton and Mr. John Nevins, of Stanford. Rev. Masters was the officiating clergyman who tied the nuptial knot pronouncing the ceremony which united the lives of these estimable young people. They left on the noon train yesterday for Louisville and other points to spend their honeymoon, after which they will return to Lebanon Junction to make their future home. This office joins with their many friends in congratulations and best wishes as they embark on life's rugged voyage together.

COUNTY COURT:—This has been a busy week in county court. Tade Lee and John B. G. Miller were each fined \$60 and cost for selling whisky and failing to pay or replevy both are in jail. Miller having been found guilty of the same charge more than twice, the Judge has placed him under a \$200 bond for good behavior, which if he fails to execute, mean, an additional imprisonment of 60 to 90 days.

Joe Mize and John Baker each fined \$50 and cost for gaming. Joe Mize and Ed Mullins each held under a \$1000 bond on the charge of murder. Joe Mize was also held on two separate charges of malicious shooting in the sum of \$500 each, all of which bonds were promptly filled. This is the result of the trouble between Joe Mize and Edd Mullins at Livingston last Saturday, in which Greely Mize, a brother of Joe, was accidentally killed, and John Mounce and Ed Mullins slightly wounded. Woolford Adams charged with the murder of Will Hayes, a son of J. H. Hayes, waived the right of examination and was held without bail to await the action of the grand jury. Bullock the barber at Livingston was acquitted on the charge of running a gambling house, it being in his place of business that the trouble between Mize and Mullins took place and came over a crap game.

We have everything to please the children. Such as Teddy bears, large dolls, little dolls, toy wagons, and trains, china dishes, money safes, all kinds of nice games for the boys and girls. Chas. C. Davis.

On last Friday afternoon at the dead man's home near Wildie, Woolford Adams shot and instantly killed Will Hayes a son of J. H. Hayes. Adams had gone to Hayes home with a shot gun and the proof at the coroner's inquest showed that Hayes, who had just come in from his work was standing by the stove and from the range of the shot, which was from a shot gun and which tore Hayes chin off, that he was looking down at the time the shot fired. The seven year old child of Hayes says her father never spoke to Adams when he walked into the room. Hayes on a former occasion had told Adams to stay away from his home. Adams is only 16 years of age. Some rather sensational evidence will no doubt be brought to light when the trial comes.

As a result of a crap game at Livingston last Saturday, one man lost his life and two more are slightly wounded. As shown by evidence in the examining trial, some eight or ten had congregated in the back room of the barber shop to take a drink and two or three of the number engaged in a crap game, a difference arose between Ed Mullins and Joe Mize, when both parties went for his pistol and began to fire. Mullins received a slight wound on the left side, but Mize escaped uninjured. Greely Mize, an innocent by-stander and a brother of Joe Mize, who fell a victim, it is claimed, was by a stray bullet from his brothers pistol. John Mounce received two rather painful but not serious wounds, one in the left hand and one in right arm. George Mullins a brother of Ed Mullins another by-stander, received a very slight wound on the head. Joe Mize was permitted to attend the burial of his brother on Sunday, after which all the parties in charge of Marshall Henry Burton and Deputy Sheriff G. S. Griffin were brought here, where they had their examining trials Wednesday.

The Court of Claims will meet next Thursday Dec. 5.

For the next four or five days, there will necessarily be more or less disturbance with phone connections while the new wires are being run. But since we are to have a general overhauling and improvement in the service we feel sure that no patron will be found kicking if the service is not satisfactory.

It has been many years since Mt. Vernon has had a social event of such magnitude as the dance given on Wednesday night by the young men of the Pohutukawa Dance Club.

This little club composed of a number of Mt. Vernon's most enterprising boys and charming girls, has done much to infuse life into our social current, sluggish for anything to stir its quiet depths.

The dance Wednesday night was given in the dining room of the Miller Hotel. The room was draped in yellow and white, and through the yellow shades a flood of golden light fell upon the beautiful faces of the most charming lot of young ladies ever perhaps assembled at any one party in Mt. Vernon. In addition to our home girls there were many out of town visitors. It is hardly necessary to say that many gallant swains from home and abroad were present.

The committee on arrangement, Chas. C. Davis, Victor C. Tate and Cossie D. Sutton, showed the real spirit of the Pohutukawa's by providing the best of everything for the occasion, not the least of which was the music for which they secured the services of the Richmond orchestra.

To R. W. Dyche, Walter Miller and A. B. Furnish, the committee on program, is due the credit that this most necessary part of a successful dance was so perfectly arranged.

Floor manager, Jack C. Adams, in his quiet way, managed things so that it all moved along like well adjusted machinery.

At twelve o'clock an elaborate lunch was served by the chaperones, Mrs. Cleo Brown, Mrs. Willis Adams and Mrs. J. W. Brown. The lunch was served in just the way in which either of these hospitable women always do, whatever they undertake. Throughout the dance the three either by turns or collectively, served punch, lunch and delight to the merry dancers. There were about seventy guests and it was four o'clock in the morning before the jolly throng disbanded.

TOILETORY AND STAR

A Mild Laxative For Baby's Bowels

The infant or the child should not be given salts, purgative waters or harsh pills or tablets when the bowels are constipated, and neither should any medicine be used that contains a narcotic.

It is well for mothers to remember that there is no better, gentler or more effective remedy for children's stomach and bowel troubles than Dr. Caldwell's Syrup Pepsin. Its purity and mildness make it especially adapted to young people's use. It works gently but surely, and containing, as it does, many tonic ingredients, it not only cleans out the congested bowels, but tones the system and makes the child feel better in every way.

Among the thousands who are using Dr. Caldwell's Syrup Pepsin is Mrs. Spalding, of Maryland, Ky., and she writes that she gives it to her baby regularly and that she would not be without it. She has used it herself for a long time and ought to know.

Mothers will find this an invaluable remedy for old and young in constipation, dyspepsia, liver trouble, diarrhea, colic, worms, and the many other ills that attack the stomach and bowels. It is guaranteed to do what we claim, and by its use a home cure at very little cost is easily brought about.

Children are often troubled with skin diseases, are nervous, lose weight and do not care to eat or play, when all that is really the matter with them is stomach trouble that Dr. Caldwell's Syrup Pepsin will correct. Go to your druggist to-day and buy a bottle and see how quickly the child gets well again.

It is a good thing for the whole family to use in stomach, liver and bowel complaints. A 50 cent bottle has often restored an entire family.
